Amstelveen
Connect@
let's get together

We look back on the meeting in the form of the Marketplace with great pleasure.

Where we previously received an average of 80 guests, this time we welcomed 120 Connectors to the Town Hall!

Below are brief responses from the enthusiastic exhibitors:

Introduction by moderator Ilse Kerling

TEAM ED
We found Amstelveen Connect to be very inspiring and valuable. [TEAM ED Social employment agency for experiential experts](#)

Neighborhood Festival Keizer Karelpark:

We thought it was a wonderful initiative by Amstelveen Connect@ to engage with other people who want to contribute to the city and pitch our idea for a neighborhood festival. We spoke to many interested parties, and as a result, several organizations, including the Cobra Museum, will contribute to our neighborhood festival.

This should happen every year, and we hope to participate again next year.

Uilenkatten

On behalf of Uilenkatten and the Uilenstede Residents Association, we proudly shared our plans for the Thuisfront Festival 2024 on September 14th at Amstelveen Connect@. We have been invited to share more about this with the listeners of JAMM FM on June 22nd. From the connectors and guests at the meeting, we received a proposal for a creative workshop,

and we received multiple registrations for our artist program, including local musicians, dancers, and bands. We would like to get in touch with companies interested in brand visibility with more than 1,000 students and interested in a sponsorship collaboration. Contact with Uilenkatten is possible via thomas@uilenkatten.nl, www.uilenkatten.nl and www.instagram.com/uilenkatten.

English celebration in the St. Augustine Church

St Augustine Church - Amstelveenseweg 965
1081 JG Amsterdam-Buitenveldert

Sunday, June 16

Following popular request from expats and migrants in Amstelveen and Amsterdam Buitenveldert, to also hold a Holy Mass in English, we will start this on Sunday, June 16 at 12 o'clock.

Once a month for the time being, on the third Sunday.
So, in July it will be on Sunday, July 21 at 12 o'clock.
Father Alan de Guzman shall celebrate the Holy Mass.

We think it is important that expats and migrants in our area also find their way to the Roman Catholic St Augustine Church, on the border of Amstelveen and Amsterdam.

We hope that you might find inspiration, peace, and reflection in our church community.

You are most welcome

Harmonieorkest Amstelveen

We met many enthusiastic connectors, including the international musicians we were looking for. Unfortunately, we were unable to find a suitable location. We will carefully keep all contact information because we really want to give a concert for the internationals, but November seems unfeasible. Another idea emerged during the network meeting! In short, it was an inspiring meeting. We are always open to creative collaboration or original ideas. If you play a wind instrument and would like to join our friendly association, please contact us!

Better Together

Amstelveen Connect is definitely worth repeating for Better Together. We asked: who will help us raise awareness of loneliness in Amstelveen? Which organizations will join our network? It resulted in valuable conversations, more than we had envisioned beforehand! From churches to women's organizations to various resident groups, a puppet theater, and we ourselves approached the student association of Uilenstede. We are eager to continue these conversations. If you want to reach us, you are most welcome.

Regio Amsterdam

Discriminatie.nl, regio Amsterdam

Have you or someone you know ever experienced discrimination? Report it. Your experience matters. We listen to your story and help you. You are not alone! One in four Dutch people has experienced discrimination. This must stop because everyone has the right to equal treatment. We are here to identify, address, and prevent discrimination and unequal treatment. By reporting, you contribute to this! You feel discriminated against. Or you see someone else being discriminated against. What do you do then? Talking about it helps. The consultants of Discriminatie.nl understand that discrimination affects you personally. It can affect your work, social life, education, everything. We always take you seriously.

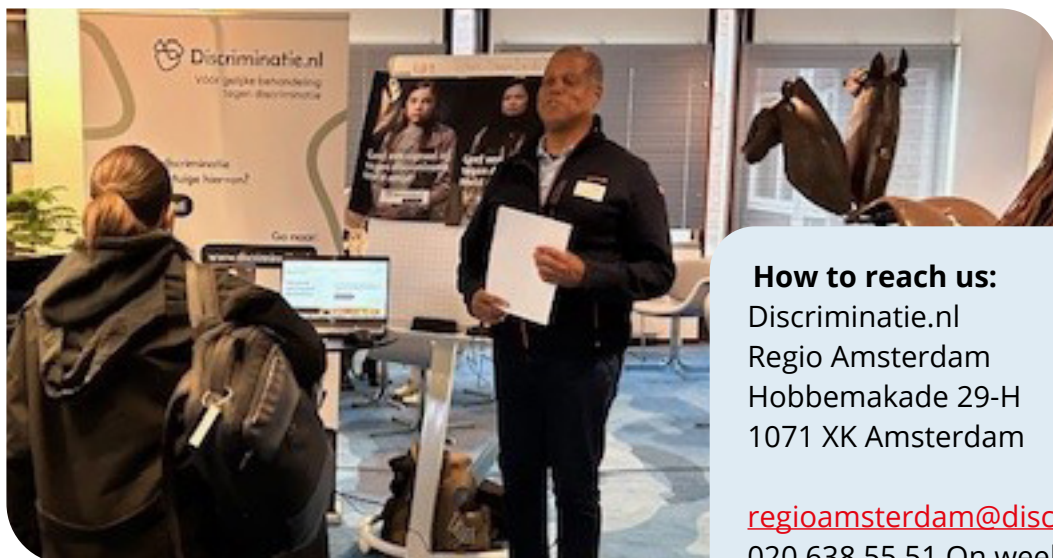

Reporting always helps because:

- Your story is actually heard by people who understand and want to help;
- If you need it, you will receive free legal support or advice;
- Your problem becomes (anonymously) visible to administrators and policymakers;
- You also help others who experience exclusion and discrimination.

How to report?

1. Report discrimination via the website Discriminatie.nl, our email address regioamsterdam@discriminatie.nl, or via WhatsApp.
2. A consultant from Discriminatie.nl Regio Amsterdam will contact you to discuss your report. If you wish and we can do something for you, we will schedule a (telephone) appointment.
3. We investigate your report, for example, based on legislation and consultation with experienced colleagues. We will let you know the outcome.
4. We discuss the approach to your report. Sometimes no further steps are possible. But we always listen to you and give you advice.

We keep you informed of every step and take no action without your permission. **Always contact us. even if you doubt!**

Neighborhood Camping

The evening was very successful for us! We spoke to several people who want to provide an activity at the Neighborhood Camping, someone who wants to sponsor, a radio interview, and even received a donated tent! The Neighborhood Camping will be in Amstelveen from July 26 to July 28. The park opposite the Wijkcentrum Alleman will be transformed into a temporary camping site, for and by the neighborhood. We are still looking for someone to help us with social media and a program manager. If you would like to help, please contact
